

Communication

All students receive a Wednesday Envelope from their teacher. Parents look for this to come home with your student every Wednesday. Inside you will find communication flyers from the teachers, school and PTO. The flyers will have information you need to know. PTO flyers will include times, dates, costs for any event we are having or info on items for sale.

...other ways to communicate

BANNERS

Look for banners at drop off/pick-up locations reminding you of upcoming PTO events.

PACE CALLS

Sign up for pace calls and/or emails! The school will send these calls to inform you of important communications for emergencies or school events. PTO will also call for information and events.

Traffic

We all want our kids to be safe! Our school administration will inform you of school pick up/ drop off instructions and dismissal times. Please keep our kids safe and be patient in line. Please do not pass or go around a car at crosswalk locations, there could be children passing you can't see. Teachers and staff are out at pick up times. They will be guiding you to go or stop or slow down. Please listen to them, they are there to keep your student safe, to make sure the child gets in the car safe, to cross safely. At these times we strongly encourage parents/guardians to NOT TEXT AND DRIVE, to stay alert and to be safe. Please remain respectful during the drop off and pickup process.
